

## Modern Mythologies: Translating French Cultural Constructions

Tcej grUet wd{.'Eruu'qh4247"

"

*Mythologies*, a book written by Roland Barthes and published in 1957 presenting essays on cultural concepts that he believed reach the level of relevance, was received by an enormous amount of success in the years following its release. It remains frequently discussed and cited today, even after a large portion of these myths have been replaced by new ideas and principles. Fifty years after *Mythologies*, a
